For Immediate Release

Fremont, CA: Business Growth Prompts BLOX Racing Relocation to Accommodate Larger Product Inventory and Quicker Deliveries

In the wake of substantial growth during 2020, BLOX Racing will be relocating to a state-of-the-art facility in southern CA.

The larger facility will benefit BLOX Racing distributors and its retail customers by housing more inventory including dedicated space for R&D and testing new products and applications. The new facility helps address the immediate needs as a result of the growth and provides a new foundation for continued expansion.

BLOX Racing will continue to accept orders during this transition. However, the last day of shipping from the Fremont, CA warehouse will be October 30, 2020. The transition is slated to be completed by November 20, 2020. BLOX Racing plans to resume shipping from our new southern California warehouse beginning November 23, 2020.

Although phones will still work, there will be delays in answering calls and returning messages. We strongly recommend emailing us during our transition to orders@bloxracing.com. We will do our best to return messages as quickly as possible.

We want to thank all of you for giving us the chance to provide high quality performance products and accessories these past 20-years in Fremont, CA. It has truly been our honor being headquartered in the Bay Area.
